Medical furniture with ECO body

Fronts of high cabinets and cabinets made of metal, made of double zinc plated varnished sheet, with moisture-resistant damp. High cabinets and cabinets bodies made of furniture board, double-sided laminated, 18mm thickness. Fronts and plinths powder-coated with silver ions active ingredients - natural antibacterial agent IGP-DURA®care.

30 mm thickness worktops, described in detail in the accessories section, are available in two variants:

- made of non-porous composite material, with anti-smudge groove;
- laminated, with anti-lock groove.

SINGLE-DOOR SUSPENDED CABINETRY
REF: KL404 203

Single-compartment cabinetry
1 x full door
2 x adjustable shelf
